

Photography Competition

This Half Term, I would like you to create art in a different way - Digital Art.

I challenge you to capture a photo within the theme – Spring. This could be a flower like a daffodil or tulip or maybe a group of flowers. It might be that you want to photograph just a few of the petals close up. You may notice some blossom on a walk and want to capture an image of that. It could be a photo of a lamb or calf that you see on a visit to the farm or new buds forming on a tree. These are just a few ideas the choice is yours.

Before taking your photo, consider how you want the final image to look. Do you need to zoom in to get a clearer image, what angle will you take it from? Once you have taken your picture, you could try to use your device's editing tools to crop the photo, change the colour to black and white or add filtered effects (only natural effects please – no text graphic or emojis). Editing is optional, your raw image will be fine.

When you are happy with your image, ask your grown up to email it to me at-

competitions@alts.northants.sch.uk

Thank you,

Miss V Shelley
